

Brightside

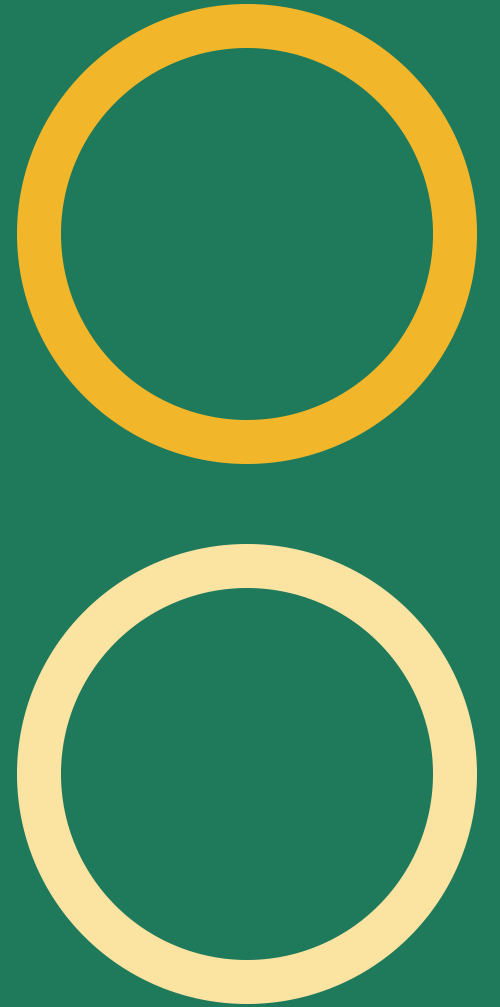

Shared bikes for small towns

Pilot proposal for the town council

Fictional sample deck

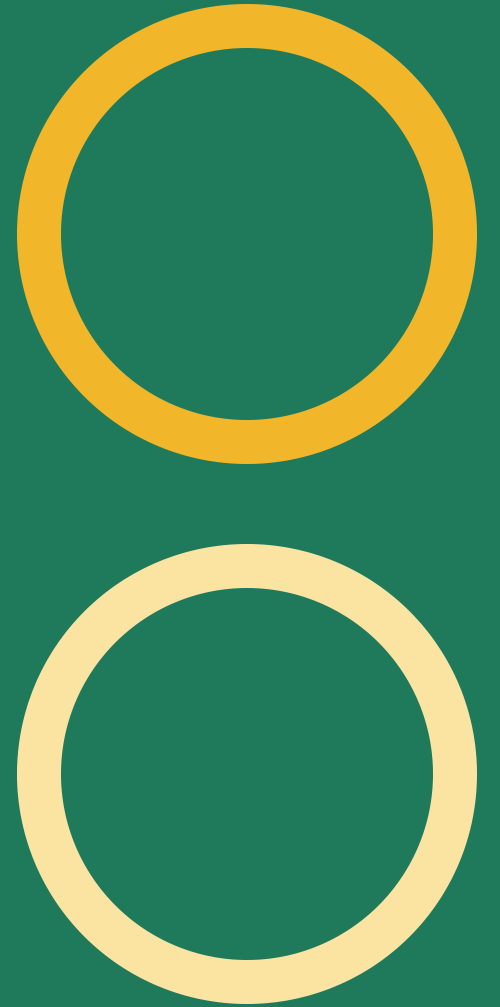

The problem

- Most trips are shorter than 3 km
- Buses run once an hour
- Short trips still happen by car

How it works

- Scan any bike to unlock it
- Ride anywhere in town
- Park at any marked rack

The pilot

40

bikes

12

racks

6

months, spring to fall

○ Repairs by a local shop

What we ask tonight

- A vote on rack locations
- Space on three public lots
- Feedback at the midpoint review
